Introduction:-

On 6th February, 2020 our Philosophy department at Kumar Bhaskar Varma Sanskrit and Ancient Studies University went to Manas for field trip.

On Thursday at 7.30 A.M. we went to Manas for field trip and we reached Manas at 11.45 P.M. Manas National Park is a beautiful place. Geography of Manas National Park. Manas is famous for its population of the wild water buffalo, rare golden langur and the red panda.

Manas was declared as a National Park in 1990. The name 'Manas' is derived from the Hindu deity, the Snake goddess 'Manas' and is also shared with the Manas river that transverses through
