— ∘ INTRODUCTION ∘ —

A field trip or field study is a journey by a group of people to a place away from their normal environment. The purpose of the trip is usually observation for education, non-experimental research or to provide students with experiences outside their everyday activities, such as going camping with professors and their classmates. The aim of this research is to observe the subject in its natural state and possibly collect samples.

== ∘ Observed the field ∘ ==

Today Thursday 6.02.2020 educational tour with field study in our Philosophy department, in the place at Manas National Park. We all are reached our university campus at 7:00 A.M and some
