

# **Department of Assamese**

## **PART-A (Research Methodology)**

### **Research Methodology**

- An Introduction
- Definition of Research
- Ethics of Research
- Objective of Research
- Types of Research
- Research Approaches
- Significance of Research
- Research Methods and Methodology
- Research and Scientific Method
- Research Process
- Research Problem

### **Hypothesis**

- Characteristics of Good Research
- Formulating a Research Problem
- Literature Review
- Formulating a Research Problem
- Identifying variables
- Constructing hypothesis
- Planning & Designing
- Writing a Research Proposal

### **Different approaches**

- Descriptive
- Historical
- Comparative
- Analytical
- Aesthetic
- Interdisciplinary
- Methodology

### **Data Collection**

- Assembling
- Compiling
- Analysis

### **Field study**

- Various methods of field study, including, observations,
